Dear Komen Supporters:

Thank you for your contribution of $332.00 to the Susan G. Komen Breast Cancer Foundation. Your support is vital in helping us work toward our goal of eradicating breast cancer as a life-threatening disease by advancing research, education, screening and treatment.

Since the Komen Foundation began in 1982, we have made enormous progress in the battle against breast cancer. Generous support from friends like you helped the Foundation invest more than $95 million this past year in breast cancer research, education, screening and treatment. The Foundation's Award and Research Grant Program has been instrumental in funding revolutionary breast cancer research, leading to groundbreaking discoveries that improve the treatment of breast cancer and may even reduce the incidence of breast cancer in high-risk groups.

The Foundation's signature event, the Komen Race for the Cure® Series, promotes breast cancer awareness and early detection. In addition to research, proceeds from these events are used to support community-based breast health education, breast cancer screening and treatment for those without access to medical care. Programs like these contribute in helping increase the early detection rates of breast cancer among American women.

Again, I want to express my sincere appreciation for your generous donation and your belief in our mission. The success of the Foundation is made possible through the considerate support received from corporations, organizations and individuals like you. Because of your help, we are one step closer to finding a cure.

Sincerely,

LaSalle D. Leffall Jr.

LaSalle D. Leffall, Jr., M.D.
Chairman of the Board

To comply with the IRS requirements regarding charitable donations, we affirm that no goods or services have been provided to you, in whole or in part, in consideration for your contribution. This letter will serve as confirmation of your donation for income tax purposes.
